SUBJECT INDEX TO VOLUME 4

Artificial intelligence expert consultative system, operation and structure of, 201

Censorship of humor about handicapism, 79
Computer-assisted instruction, evaluation of, 215
Computer environments for gifted primary students, 155
Computer revolution, 335
Computers:
  and daily living, 69
  and educational diagnosis, 171, 201
  educational software for, 147, 223
  and gifted primary students, 155
  word processing programs for, 187
Connectivity, 27
Cooperative learning, 229

Daily-living literacy, 1
Daily-living skills, 13
Dyslexia, 101

Educational diagnosis, computer-guided, 171
Evaluation of children, 125

Generalization instruction, effects on writing, 291

Handicapism and humor, 79
Higher level thinking, teaching, 229
Humor and handicapism, 79

Individual variabilitiy among less able readers, 49
Interactive teaching, to promote higher level thinking, 229
Interpersonal problem solving, 321

Language deficits, written expressive, 89

Mathematical problem solving, 275

Norm-referenced placement tests, 107

Peer attitudes, changing, 133
Practical approaches to reading and writing, 13
Problem solving:
  instruction of, 35
  interpersonal, 321
  mathematical, 275

Questioning strategies for reading comprehension, 243

Reading comprehension, questioning strategies for, 243

Semantic mapping heuristic, 17
Software programs for daily living, 69
Strategic learning, instruction of, 35
Strategy instruction in mathematics, 275

Variability among less able readers, 49

Word processing, for children with writing problems, 187
Writing process classroom, 311
Written expression, productivity, syntax, and ideation in, 115
